

As former Division Manager for Wagner in Scandinavia I hired Lars K. Jeppesen on May 17th 2005 as a regional salesman. Lars very quickly became familiar with the technical features of Wagner's product range and was an extremely valuable salesman which goes about his tasks with true attention to details. It was therefore only natural that Lars became Sales Manager for Denmark in "Wagner Industrial Solutions Scandinavia" when I left Wagner Industrial Solutions Scandinavia.

Lars is trustworthy, reliable and has always put his job and responsibilities before himself.

It is my pleasure to recommend Lars for your organisation. He will be a terrific addition.

Sincerely,
Hans Wolf
